Devoteam Belgium is a strong **professional services** player active in the Digital World of IT, Telecom and Media. In Belgium, we are with a team of 250 highly skilled professionals in Digital **SMACS**:

Social, **M**obility, **A**nalytics, **C**loud & **S**ecurity

connected with an international Group of 4600 colleagues in 17 EMEA countries.

Digital Workplace is one of our 3 core Group offers. We enable customers to structure collaboration and build Case Management solutions, by integrating into portals like Microsoft's SharePoint the structured contexts and processes that customers have already implemented on their CRM, ERP or other Line-of-Business (LoB) Applications.

If you can bring:

- ❖ Technical expertise in Java and develop applications in high quality code
- ❖ Soft-skills to collaborate with in-house teams as well as on-site with our customers
- ❖ A bachelor's or master's degree in IT
- ❖ Awareness of the market standards, best practices, testing, integration and maintenance of your code
- ❖ Theoretical understanding and practical experience with data manipulation technologies such as web services, REST, JSON, SOAP, XSD, and XML
- ❖ Fluent in Dutch and/or French as well as a good working knowledge of English

We offer you:

- ❖ A challenging and variable job in an international and dynamic company. Thanks to the personal follow up we are able to provide real career opportunities and planning.
- ❖ An attractive and competitive remuneration package with company car, group assurance and DKV.
