Social, **M**obility, **A**nalytics, **C**loud & **S**ecurity

connected with an international Group of 4600 colleagues in 17 EMEA countries.

Digital Workplace is one of our 3 core Group offers. We enable customers to structure collaboration and build Case Management solutions, by integrating into portals like Microsoft's SharePoint the structured contexts and processes that customers have already implemented on their CRM, ERP or other Line-of-Business (LoB) Applications.

If you can bring:

- ❖ An eager to learn attitude so you can work on projects in teams as well as autonomously
- ❖ Soft-skills to advise customers on user experience and interface guidelines
- ❖ The capacity to integrate the work of graphical designers into the mobile architecture
- ❖ Proficiency with Objective-C, C/C++, XAML, C#, SQL, JSON, XML, OO and XCode/ Visual Studio
- ❖ Familiarity with user experience end result and UI coherency
- ❖ Hands-on experience with mobile application development
- ❖ Advanced understanding of svn and git repositories
- ❖ Fluent in Dutch and/or French as well as a good working knowledge of English

We offer you:

- ❖ A challenging and variable job in an international and dynamic company. Thanks to the personal follow up we are able to provide real career opportunities and planning.
- ❖ An attractive and competitive remuneration package with company car, group assurance and DKV.
