Join us in the Devoteam Adventure!

Devoteam Belgium is a strong **professional services** player active in the Digital World of IT, Telecom and Media. In Belgium, we are with a team of 250 highly skilled professionals in Digital **SMACS**:

Social, **M**obility, **A**nalytics, **C**loud & **S**ecurity

connected with an international Group of 4600 colleagues in 17 EMEA countries.

Digital Workplace is one of our 3 core Group offers. We enable customers to structure collaboration and build Case Management solutions, by integrating into portals like Microsoft's SharePoint the structured contexts and processes that customers have already implemented on their CRM, ERP or other Line-of-Business (LoB) Applications.

If you can bring:

- ❖ A masters' degree or equivalent by experience
- ❖ A solid understanding of project requirements & High Level technical solutions
- ❖ Participation in the detailed technical solution design and realization of the test platform
- ❖ Reporting skills to forward the test results towards engineering and project organization
- ❖ Familiarity with service provisioning and ITSM integration
- ❖ CCNA Routing & Switching certifications or equivalent packages
- ❖ Profound knowledge of network environments (LAN, WAN, Routers, Switches, FW)
- ❖ Expertise with network and routing protocols as well as Unix and Linux scripting languages
- ❖ Fluent in Dutch and/or French as well as a good working knowledge of English

We offer you:

- ❖ A challenging and variable job in an international and dynamic company. Thanks to the personal follow up we are able to provide real career opportunities and planning.
- ❖ An attractive and competitive remuneration package with company car, group assurance and DKV.
